+3D TECH es nuestra última incorporación a las tecnologías digitales para porcelánico. Se centra en mejorar las características visuales y sensoriales del mismo mediante la creación de un micro relieve y la perfecta coordinación entre estructura y gráfica original del diseño en cada una de las diferentes piezas, realzando su apariencia y creando materiales mucho más naturales, todo ello gracias a la combinación de un sistema de reconocimiento óptico y una impresión precisa.

+3D TECH is our latest addition to our digital technologies for porcelain. It is focused in improving the visual & sensory characteristics of the product. This is due to a micro-relief creation and the perfect coordination between the structure and the original graphics of the design. This technique enhances its appearance and creates much more natural materials. All this thanks to the combination of an optical recognition system and precise printing.

V-SLAB es nuestra nueva gama de porcelánico continuo en 6mm de espesor, dónde se fusionan diseño con funcionalidad, ofreciendo una solución completa para los proyectos más exigentes. Cuenta con una amplia variedad de diseños inspirados en las últimas tendencias y fabricados con las últimas tecnologías. V-Slab ofrece versatilidad en la creación de espacios, con un amplio abanico de aplicaciones. Únete a nosotros para descubrir esta nueva dimensión.

V-SLAB is our new range of continuous porcelain tiles with a thickness of 6mm, where design meets functionality, offering a complete solution for the most demanding projects. It features a wide variety of designs inspired by the latest trends and manufactured with the latest technologies. V-Slab offers versatility in creating spaces, with a wide range of applications.
